Activity Number 1:

ASP Young Scientists Meetings and collaboration with partners in Greenland and Denmark. Student Manual, Student Forum, Field School, Exchange and Outreach.

Activity Number 2:

Coffee and Donuts: weekly treats of donuts and science. The Coffee and Donuts are a facilitator to bring people together on a weekly basis to present new initiatives, discuss science and collaborate on science within CEOS at the University of Manitoba.

Activity Number 3:

Friday after work drinks: social event organized monthly, special events can be organized in the same time.

Activity Number 4:

First weekend, yearly in late September, second weekend, yearly in February or March.

September weekend is focused on collaboration and welcome of the new students.

Winter weekend: outdoor activities, aspects of fieldwork, preparations, clothing, safety in the field, cooking. Work towards cooperation with Arctic Net Students Association and ASP Education and Operations team.

During this weekend we would like to explore possibilities to organize workshops, training and licencing of students who will go out in the field.

Decision on the dates: asap and start preparations.

Activity Number 5:

Facilitate collaboration with ASA, look into joint programs and joint activities, training in winter, outreach (Heather from ASA).

Activity Number 6:

Drink on Monday December 8, 2014 at the Arctic Net Meeting in Ottawa with all ASP collaborators in a pub downtown Ottawa, 6 pm! Mark your agenda's!

Activity Number 7:

The group wants to help in the giving a warm welcome to new students and visiting ASP Members. Close collaboration with the Admin team.
