

Minutes from ASP Operations meeting

Date: October 12, 2017

Present: Emmelia Wiley and Egon Frandsen

Absent: Carl Isaksen

Referee: Egon Frandsen

Agenda

1. Cargo status.
 - a. Dan's cargo to Canada – Yellow Peli box. Last info on the shipment on September 25th: Hi Emmelia, it was shipped on the 19th. It's in a small yellow Pelican case. No tracking number yet, but might get lucky... Best, Dan
 - b. Dan's cargo home from Nuuk – My mail to Lorenz and Carl on September 14th. Is this cargo shipped?
 - c. Dan's cargo home from Upernavik. Status on September 26th – unknown location
2. Follow up on the ASP meeting in Winnipeg
 - a. Safety issues. During last winter and spring the Danish universities have been working on rules for going into the field and tried to reach agreement for common rules. It takes time....

The work will continue in October after the field break during the summer. Next meeting will be next week. After this week I will send you the draft of the flow chart we are working on. Then we can discuss from that
3. Beside of this we talked about a cargo tracking system – or maybe I did mostly...
4. Any other businesses
5. Next meeting

Ad. 1

Wrap up on Dan's cargo. Emmelia send to Sontek and it will go to Silkeborg after service

Dan's cargo in Nuuk is send to DK

Dan's cargo in Upernavik is still missing – Blue water can't find it. Try direct in Upernavik. Maybe Dan should go there in November.

Ad. 2

ERF has send the danish flow chart of safety in the field. We discussed on this and it's a good starting point for ASP. Need to include something on helicopter flying since it's needed in Canada

Ad. 3

No progress here.

Ad. 4

ERF will send Søren's ¹⁸O samples to Winnipeg for analysis

Ad. 5

ERF will schedule a meeting on November 2nd
