Status

1. Dorthe is working on a date and place for this meeting. Will have this ready at the next monthly ASP meeting (Dorthe). Søren connects with Dorthe next week to follow up.
2. Uwe is in contact with Thoms Juul Pedersen from GINR on this workshop. Uwe secured funds for travel. He will send round a doodle for identifying when the meeting should be. Cannot make the February deadline.
3. We aim for a date (will be June 2020) and place for this meeting at the next ASP meeting (Søren).
4. We aim for a date and place for this meeting at the next ASP meeting (Christine).
5. Claus suggest that we setup a calibration facility to calibrate instruments together. Will save money and make sure we all measure the same - Claus still work on this (Claus).
6. Phill has worked with this and will present at our next meeting. (Phill)
7. Communication resume monthly meetings- We start a communication project looking back on Greenland science activities during the last 25 years - Perhaps this new activity can be used to reboot ASP communication again (Bondo)

8. Laboratory new team - has started to reach out (Marcos).
9. NTNU (Asgeir et al) have asked to join the ASP as associate member and there was a positive attitude to this. UiT, AU & UL already work closely together. We will discuss this within the groups and make a decision at the next meeting. We need all participating institutions and the leadership to be present to make this decision.
10. Also need to follow up on the official signing between ASP and KU (Søren)

Next meeting
7 January 2020
