Make a information package on place and agenda - action Peter.

Presentations on subjects - workshops. Dorthe and Søren draft the agenda for the meeting.

Round table:

UM: New dean on UM. Very interesting on climate change issues and open for international collaboration. Try to connect funding agencies of both sides of the Atlantic. Include the Amundsen in the northern part of Baffin Bay in 2023.

UL: Lindcoln Sea funded. Tara plans are progressing. CFREF go to the next step. Dehausie also mover on. Focus on Baffin Bay.

GINR: Starting up slowly after the holidays. Peter and Jose will have a follow up meeting on the application procedure to get into the national park.

AU: Planning GIOS installations for 2023. Planning field campaigns. Unfortunately the proposal KU, AU, GEUS, DMI submitted to Novo did not make it through first phase on Greenland ice-ocean interactions.

KU: Planning the fieldwork. Mostly worked on Antarctica since.

Joint Laboratory activities:

Inter-comparison of lab analysis meeting is up soon.

Next meeting will be 7 February 2023.
