Decided to work for merging of Isaaffik Logistic and Safety group with ASP operations Group. Egon will take it up in the Isaaffik group on the meeting March 13, in Copenhagen. Most of participants in both groups are the same anyway – DTU and GEUS are not in ASP but it’s not a problem. Also look into possibilities in relation to InterAct and PolarIn. InterAct has published a Safety Manual some years ago.

Next meeting will be April 9th at 3pm CET, 12am in Nuuk, 9am in Quebec, 8am in Winnipeg
